

# The Bull's Head, Craswall Suppliers

Sourcing the best produce available is important to us at The Bull's Head where 'quality' is more important than 'local'. All our meat is reared within the counties of Herefordshire, Monmouthshire, Powys and south Shropshire. Charlie Westhead at Dorstone is considered one of the very best cheese producers in the country and provides us with wonderful cows' and goats' cheeses as well as superb crÈme fraiche. Below are details of our main suppliers.
